TO WHOM IT MAY CONCERN

I am wriiting this letter on behalf of Mr. Nilson Roque Jr.

Nilson has headed up our Miami Fast Pack Computer and Amazon FBA seller program since its inception for over two year. I highly recommend for thim all types of Amazon web seller including Ecommerce Logistics and IT,

The main project that Nilson was working on to completion was global linking overseas customers ,specially clients from Peru tu utilize our company for buying purposes, utilizing the Amazon Platafform or any type of store, to purchase goods and supplies of all types and have the product arrive at the location in Peru in as little as 5 -10 days.

I shall end this letter with a single point: few people in my company have worked harder or more diligently than Nilson Roque.

I recommend him 100%.
